Notes on Financial statements for the year ended 31st March, 2014

Note 1 Significant Accounting Policies

1.1 Basis Of Preparation Of Financial Statements

The financial statements have been prepared as a going concern under historical cost convention, in accordance with the notified Accounting Standards by Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956 ("The Act") (which continue to be applicable in respect of Section 133 of the Companies Act, 2013 in terms of general circular 15/2013, dated 13th September 2013 of the Ministry of Corporate Affairs) as adopted consistently by the Company.

1.2 Use Of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the Financial Statements and the reported amount of revenue and expenses during the reporting period. Differences between the actual results and estimates are recognised in the period in which the results are known/materialised

1.3 Fixed Assets

Fixed Assets are stated at cost of acquisition less accumulated depreciation and impairment loss, if any.

1.4 Depreciation

1.6 Investments

Current Investments are carried at lower of cost and market value/NAV, computed individually. Long term investments are stated at cost. Provision for diminution in the value of long term investments is made only if such decline is other than temporary in the opinion of the management.

Deferred tax resulting from "timing difference" between book and taxable profit is accounted for using the tax rates and laws that have been enacted or substantively enacted as on the balance sheet date. The deferred tax asset is recognized and carried forward only to the extent that there is a virtual/reasonable certainty that the assets will be realized in future.

1.9 Provision, Contingent Liabilities And Contingent Assets

A provision is recognised when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefit will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. A contingent liability is disclosed, unless the possibility of an outflow of resources embodying the economic benefit is remote. Contingent assets are neither recognized nor disclosed in the financial statements.

1.10 Revenue Recognition

Revenue is recognised only when it can be reliably measured and it is reasonable to expect ultimate collection. Revenue from operations includes sales of land and is recognised when significant risk and rewards of ownership of the land have passed to the buyer.
